

The New Venture

THE HIDDEN GEM

The Continent of Africa

In 2013, Africa was the world's fastest-growing continent at 5.6% a year.

In 2017, the African Development Bank reported Africa to be the world's second-fastest growing economy.

Art

African art is seen throughout the world and has captured the imagination of great artists such as Pablo Picasso. It is the fabric of life that weaves humanity into an expression of beauty.

Music

The African influence on music is heard every day throughout the world. The rhythmic sounds resonate with the living beat of the human heart.

Future Outlook

Growth has been present throughout the continent, with over one-third of African countries posting 6% or higher growth rates, and another 40% growing between 4% to 6% per year.

International business observers have named Africa as the future economic growth engine of the world.

Foundation for Democracy in Africa (FDA)

Why is FDA involved in setting up
entrepreneurial operations?

The first reason is to promote free trade
and market share for African products.

The second reason is to promote social
visibility of women and children who
handcraft these products.

Every sale impacts the livelihood of an
individual.

Each product sold makes a huge difference in the life of
its maker.

The Institute for Democracy in Africa

The Institute for Democracy in Africa (IDA)

- * Established in 1994.
- * Academic and research environment.
- * Solutions for political and economic development.
- * IDA serves as the “think tank” for FDA.

Foundation for Democracy in Africa

The professional, expertise, and support from FDA brings unparalleled excellence to the market in which it serves. FDA has paved the road and pioneered the economic development in Africa and bridged the distance with well established international alliances. The hard work has been done by creating logistical line of communications, transport, and governmental support. What is left to do is connect to this vast network that bring quality products to your customers.

Africa Trade Development Center (ATDC)

Promotes and facilitates trade
between Africa and the USA.

Provides technical assistance and
distribution support for export
ready micro, small, and medium
enterprises (MSMEs) from AGOA
eligible countries.

The Act

The African Growth and Opportunity Act (AGOA) was signed into law on May 18, 2000 as Title 1 of The Trade and Development Act of 2000.

The Act offers incentives for African countries to continue their efforts to increase economic growth.

Africa Trade Development Center is using AGOA to Create Job Opportunities and Expand USA - Africa Trade.

A Unique Business Model

If you want to make a difference and touch people's lives, then join an organization dedicated to the improvement and advancement of products hand made by women in African countries. This unique opportunity to partner with an organization established over 25 years ago will give you the competitive edge while providing you with on-going support.

The 21st Century Entrepreneurial Task Force

For the self-directed, motivated, and driven to succeed!

Inventory of Imports

The first shipment of products from Africa arrived in Miami under the African Growth and Opportunity Act (AGOA).
